THE HUNTING SEASON

Sportsmen Suffered Much Discomfort and Got Little Game on the Opening Day.

A number of sportsmen were out bright and early Friday morning, with dog and gun, but the majority of them returned with empty bags. The weather was intensely hot for the first of September and thrashing around swales and through the brush in quest of woodcock proved anything but sport. Very few birds were flushed or killed, the dry weather having driven them to more favorable localities in search of food.

Very few squirrels or rabbits were found but it is rather early for them. The dense foliage, as yet untouched by frost, affords excellent shelter for the foxy squirrel and he will be comparatively secure until the leaves begin to fall.

Thomas Watts was the most successful hunter we have heard of. He secured sixteen woodcock and two partridges.

PEALS OF LAUGHTER

Caused by Broadhurst's "Why Smith Left Home."

IS INDEED A "GLEEFUL PLENTITUDE."

Bright, Clean and Sparkling Dialogue—A Company of Good Actors—Attendance at Casino Enjoyed a Rare Treat, Last Night.

A large and appreciative audience assembled at the Casino, Friday night, to learn "Why Smith Left Home," and, although it took two hours and a half to find out, there was scarcely a person in the audience who would not willingly have followed Smith through another hour of tribulation.

Mr. Broadhurst describes his play as a "gleeful plentitude," and it is certainly all that the phrase implies. There is not a dull moment in the whole performance nor is there any of the coarse suggestiveness which characterizes many of the farces and so-called "farce comedies" of the present day.

The dialogue throughout is clean, bright and sparkling with genuine wit and humor and the author has not considered it necessary to resort to the use of specialties and skirt dances to help please his audiences.

The characters were admirably cast. Maclyn Arbuckle as the loving but much annoyed and misunderstood husband, John Smith, looked and acted his part with the ease and naturalness which only comes from long and faithful study of his art.

Mrs. Annie Yeamans is the "Secretary of the Executive Committee of the Cook Ladies' Union," kept the audience convulsed with laughter whenever she appeared on the stage. Mrs. Yeamans is one of the best known and most popular actresses on the American stage in her particular line of character and for many years was one of the main stays of the famous Harrigan and Hart Company.

Mrs. E. A. Eberle as the coy and kittenish but ancient "Miss Smith," is an able actress of marked ability and excellent reputation and the difficult role of the ancient spinster could not have been left in more competent hands. Her make up was excellent and at no time was the acting overdone, a fault most common with actresses who essay that class of character.

Miss Marion Giroux was made a very charming Mrs. Smith, and the other ladies in the cast filled their parts very creditably.

Of the minor characters, George Barnum as the ardent Count Vantuggen, hymner, shone most prominently and his inimitable "Yes? Yes?" has been heard on the streets all day and will be a by-word for some time to come.

The Casino management is to be congratulated upon the quality of Friday night's performance and if the people of this city could be assured of such amusement at one-half the plays presented the financial success of the theatre would not be a question of doubt.

SPARKS' WGAON SHOWS.

Will Show Here Sept. 6 and 7 at Popular Prices.

The Anniston, Ala., *Daily Hot Blast* says: "John H. Sparks' shows came in yesterday and pitched their tent near the City Hall. The show is 10 and 20 cents in price but at least 50 cents in quality, and those who witnessed the performance yesterday and last night were highly pleased. They have five of the funniest sorts of clowns, fine tumblers, trapeze artists, contortionists, wire walkers, leapers, vaulters, both male and female. Also trick mules, ponies, dogs, monkeys and a cute little elephant, all very highly educated and very interesting, besides a great many other features usually seen—but not better—in a high priced show. The balloon ascension and parachute jump was a grand and thrilling sight."

"Necessity knows no law." It is a law of Nature that the blood must be kept pure, and Hood's Sarsaparilla does it.

DON'T LOVE HER NOW

Tom Sweeney Causes Etta Phillips's Arrest.

SAYS SHE STOLE HIS DIAMONDS

Arrest Made in New York City—A Shot in the Shoulder and Other Woes That Followed Sweeney's Summer in Sullivan County.

BY ASSOCIATED PRESS

NEW YORK, Sept 2—Etta Phillips, aged 27, was arraigned in court, to day, charged with having in her possession diamonds and jewelry stolen from Thomas Sweeney of Middletown, N. Y.

It is said that Sweeney and the woman had been intimate for a long time but they had quarrelled and separated about ten days ago. Three days later Sweeney was attacked in the street by two men and was shot by one of them. Sweeney remained, it is said, at the house of a surgeon for three days and then returned home, when he found that a number of diamond rings were missing.

Sweeney then came to New York and consulted Chief Devery and the arrest of the woman in this city, last night, followed. The stolen articles, it is said, were found in her apartment.

When first arraigned, to day, the woman was remanded until to-morrow, but upon the arrival of the Chief of Police Veber of Middletown she was committed to his care.

Mrs. Phillips, who looks to be a good deal more than twenty-seven years old, has for a number of years been the proprietor of an alleged disorderly house on Canning street, this city. Sweeney has made his home there for several years and both he and Mrs. Phillips seemed to prosper.

Several weeks ago, Sweeney went to Sullivan county to look after his business interests (slot machines) and while he was away Mrs. Phillips is said to have transferred her affections to a young, married man of this city who was at one time a shoe salesman.

Sweeney came back to this city, about two weeks ago, and when he found that he was a back number in Mrs. Phillips's affections he was very angry and proceeded to do up the fellow who had supplanted him. A night or two afterwards they met again and the result of this encounter was that Sweeney came up town with a bullet in his shoulder which Dr. Stivers extracted. He refused to give any information as to how the wound was received but told for the information of the public a fairy tale about having had his shoulder dislocated by a fall from a wagon at Glen Falls while attending the circuit races.

The young man who did the shooting left town at once. Mrs. Phillips remained for a day or two and then she went to New York, where it is probable she joined the shooter of her former lover.

A private dispatch to the ARGUS says that the value of the diamonds which Sweeney claims were stolen from him is $7,000.

OFFICIAL CITY PAPER.

SATURDAY, SEPT. 2, 1899.

The Republican committee of this county meet in Goshen, Friday, and organized for the year by re-electing the old officers, Senator L. F. Goodsell, chairman, and Special Surrogate J. B. Swezy, secretary.

F. L. Ostrander has been nominated for school commissioner for the third time by the Republicans of the First District of Delaware county. This is the first time in the history of the district that any man has been given a third nomination.

John R. McLean announces that while national issues will be given due prominence in the Ohio campaign, the Democrats will not neglect State affairs and will discuss and expose the evils and abuses that have grown up while Republicans have been in control of the State government.

It is announced that the Dewey home committee has scraped together $35,000, with which a house in Washington will be bought. The fund will not permit the purchase of a very magnificent abode, for desirable Washington properties command high prices, but Dewey isn't the kind of man to look with too critical eyes on a gift house.

Rev. Dr. Simpson, president of the Christian Alliance, knows how to open the pocketbooks of his followers. At Nyack, Friday, he announced that at the five conventions held, this year, he had raised $134,000. It may well be doubted if such a showing was ever made by a clergyman, who relies for success not on private appeals to the rich, but on the persuasive power of his appeals addressed to miscellaneous audiences.

The revolt against boss rule in Republican politics in Delaware county has spent its force. The county convention in Delhi, Thursday, did the work laid out for it with neatness and dispatch and the slate arranged by King Duncan was put through in half an hour. Judge Sewell was allowed to name Alex. Neish, of Walton, as delegate to the convention to nominate a Supreme Court Judge. The following nominations were made: For county treasurer, Hugh Adair, for superintendent of poor, George B. Smith; for member of assembly, Delos Axtell, for coroners, Dr C. J. Hilles and J. N. Wright.

Three Big Rattlers Killed.

From the Port Jervis Union

Chris. Herman and Frank P. Dewitt killed three rattlesnakes in Yellow Pine swamp, in Milford township, Tuesday, the combined length of which was over fourteen feet. One had fifteen rattles, another fourteen and another lost his rattles in being dispatched.

Montgomery School Bonds Sold.

Ten five per cent. bonds of $200 each, issued by the Montgomery village school district to pay for improvements to the Montgomery academy, were sold, Tuesday, at a premium of $82.50. With one exception the bonds were bought by the Walden Savings Bank and the Columbus Trust Co., of Newburgh.

Old East Branch Church Burned.

The old Baptist Church at East Branch burned down Tuesday night at 10:30 o'clock. This old church has been in litigation for some time, the society claiming title while S. Gorden Miller gave the late Wm. Martin a warrantee deed and was defending the suit.

O. and W.'s Earnings for Last Year.

For the year ended June 30 the gross earnings of the New York, Ontario and Western Railroad were $4,316,163, against $3,964,635 last year and the net $1,510,262, as compared with $1,225,857 last year.

Annual Salt Water Day Outing.

The Ontario and Western annual salt water day excursion takes place, Friday, Sept. 8. One of the famous iron steamboats has been chartered and will run direct from Weehawken to Coney Island without intermediate stops. Trains will leave Middletown at 8.05 and 8:35 a. m., the rate from Middletown being $1.25 for round trip. Special trolley car will leave Goshen at 7:30 a. m., making connections with excursion train at Middletown. dtd

"You May Bend the Sapling, but Not the Tree."

When disease has become chronic and deep seated it is often difficult to cure it. That is the reason why it is best to take Hood's Sarsaparilla when disease first shows itself—in pimples, headaches, indigestion, or other troubles which tell of poor blood, weak stomach or disordered liver or kidneys. This great medicine regulates the whole system. It never disappoints.

HOOD'S PILLS are the favorite family cathartic.

Three spectres that threaten baby's life. Cholera infantum, dysentery, diarrhoea. Dr. Fowler's Extract of Wild Strawberry never fails to conquer them.

Labor Day Excursion.

Labor Day, Monday Sept. 4th, the Erie will sell excursion tickets from Middletown to New York and return at the rate of $1. Tickets good going on special train leaving Middletown, James street station, 7:47 a. m., Main street, 7.50 a. m. Returning, leave Jersey City 8 p. m. A baggage car will be attached for the accommodation of bicycles. otd

TO BLOCKADE LUZON

War and Navy Departments So Determine.

SEVERE MEASURES ARE NECESSARY.

President Expected to Consent to Plan—Suffering Will Ensue, but the End Will Be Quicker by Adopting This Method.

WASHINGTON, Sept. 2.—The war department is preparing to adopt drastic measures to stop supplies and munitions of war from reaching the insurgents in the Philippines.

The department has determined it to be necessary to cut off supplies from the insurgents, and a plan for a virtual blockade has been agreed upon between the navy and war departments, which, it is believed, will be approved by the president immediately on his return to Washington.

This plan will undoubtedly involve suffering upon the country, but it is felt that war cannot be prosecuted with exemption from its penalties and that the more drastic measures which promise to terminate the war speedily will be more merciful in the end than the indefinite protraction of hostilities.

It is recognized that if the struggle is not to be prolonged indefinitely, the war must now be prosecuted with vigor and severity. Steps are being taken to prosecute the war with the utmost energy and to lay aside all sentimental considerations until peace has been established. This marks a radical change of policy, and there is every hope in the department that the rebellion will be crushed out with an iron hand very speedily.

It is impossible to terminate the war by any method which does not involve suffering upon the people of the Philippines. The regard for noncombatants has rendered it difficult to prevent supplies and munitions of war from reaching the insurgents, it being practically impossible to allow the entry of articles of commerce for the use of peaceable natives without benefit to the insurgents. Now these supplies are probably to be cut off.

Astors May Sell to New York Central.

NEW YORK, Sept. 2.—The World today says: "One of the most extensive of the Astor real estate holdings is the tract of 135 acres along the Harlem river, west of Cedar Park ridge. The New York Central railroad has resumed negotiations for the purchase of this property, and yesterday it was said that the deal probably would be made soon. Three years ago William Waldorf Astor sold out for $2,145,000 for his interest. Now it is understood the railroad is willing to pay a slight advance on this figure. It is said the Central is anxious to establish a magnificent terminal there. Those close to William K. Vanderbilt say he is ready, at last to bring about a series of tremendous deals. The recent sale of the tract of land in the heart of Syracuse on which the Central has its passenger and freight stations is said to be the first move in a vast real estate operation. The Central will build new passenger and freight stations in the suburbs there. The new stations building in Albany are part of the same plan. It will be the Central's policy to sell its valuable real estate in the center of New York, Poughkeepsie, Schenectady, Albany, Rochester and Buffalo and build new stations in the outskirts, while the millions coming from realty liquidation will go direct into the treasury."

To Entertain the Twenty-sixth.

BOSTON, Sept. 2.—At a meeting of the Massachusetts militia officers, held on the invitation of the mayor, steps were taken toward the appointment of 25 military and business men to arrange for the entertainment of the Twenty-sixth infantry on the occasion of its visit to Boston, Sept. 6 and 7, before leaving for the Philippines. The mayor outlined the proposed programme, which includes a parade, a review on the Common and a ball and supper at Mechanics' hall. The mayor introduced General T. R. Mathews of the First brigade as chairman of the meeting. After some discussion of ways and means it was decided to have the chair appoint a committee of five, which should hold a meeting at the call of its chairman and select a general committee of 25, to have charge of all the details of the reception and entertainment of the regiment.

Troubles of the D., L. and W. Men.

SCRANTON, Pa., Sept. 2.—E. E. Clark of Cedar Rapids, Ia., general chief of the Order of Railroad Conductors, and R. S. Morrissey, grand master of the Order of Railway Trainmen, have been summoned to this city for consultation with the committees of these orders representing men employed by the Delaware, Lackawanna and Western railroad, who have, for several days, been conferring with Superintendent Russell about a scale of wages, number of hours to constitute a day, etc. At the conference between the committees and the superintendent a dispute of some kind arose, and the grand officers were sent for to confer with reference to the matter in dispute. Messrs. Clark and Morrissey will be in the city Sunday.

Crowninshield to Keep His Post.

WASHINGTON, Sept. 2.—Inasmuch as there has been some speculation as to the effect of the several important changes in commands in the navy upon the present incumbents of the great naval bureaus it may be stated that Secretary Long has decided to make no change at least in the head of the navigation bureau, and Admiral Crowninshield, who has just returned to Washington from Europe, will continue to discharge the duties of chief of that bureau.

The Monument to Parnell.

DUBLIN, Sept. 2.—In response to the invitation of the Irish-Americans who are co-operating in the movement to erect a monument in memory of Charles Stewart Parnell, the foundation stone of which will be laid next month, the lord mayor of Dublin and Mr. John Edward Redmond, Parnellite, member of parliament for Waterford, will visit the United States early in October.

The Dewey Home Fund.

WASHINGTON, Sept. 2.—United States Treasurer Roberts has received a contribution of $1,000 from the New York Journal for the Dewey home fund and $1,000 from Marcus Daly & Co. of Anaconda, Mon., making the total to date $23,109.

Big Oil Deal.

TOLEDO, Sept. 2.—One of the largest cash deals in oil leasing and production ever consummated in Ohio has been made between G. Reusen of New York city and Taylor, Bryson & Co. of Wellsboro, N. Y. Reusen sold through R. A. Beatty, his agent, leases on 824 acres of land in Wood county, with 17 wells netting a production of 180 barrels a day, for $76,000 cash. There are locations for 20 more wells on the leases, and they will be put down at once.

Will Astor Sell?

LONDON, Sept. 2.—An agent here of Mr. William Waldorf Astor, Adams by name, confirmed the report from New York saying that the real estate of Mr. Astor is to be sold. He adds that the sale will take place at an early date, by private treaty. Adams declined to say whether the sale would be to a syndicate, nor would he give any details.

Spain Reorganizes Her Army.

MADRID, Sept. 2.—The queen regent has signed a decree calling out 60,000 men of the 1899 class for military service. Thirty-five Spanish soldiers, survivors of the garrison that long held Baler, on the east coast of Luzon, against the Filipinos, have arrived at Barcelona and were enthusiastically received by the populace.

LIPTON ARRIVES.

He Has a Pleasant Trip and Is Enthusiastically Received.

NEW YORK, Sept. 2.—The Cunard line steamer Campania arrived at quarantine last night at 7:30 o'clock and was met in the Narrows by a flotilla of tugs and the steam yacht Erin to greet Sir Thomas Lipton, who was a passenger. Sir Thomas' steam yacht Erin steamed down the bay early in the evening and returned with the Campania, presenting a brilliant appearance with her bright electric lights. The quarantine commissioner's boat, the State of New York, also appeared on the scene with a large party under the guidance of Commissioner Palmer. The party consisted of Colonel Tredwell, Governor Roosevelt's military secretary, who was sent by the governor to receive Sir Thomas Lipton; a number of officials and members of the New York Yacht club, a number of members from the New England society and other similar organizations. The party was accompanied by a special deputy collector, and all boarded the steamer after the health officer's inspection and came up to the dock.

Sir Thomas Lipton, when seen at quarantine, said that he had had a very pleasant trip, but was glad to arrive at his destination. He said his party was small, consisting of Mr. William Fife, Jr.; Mr. Ratsey, the sailmaker, and Sir Thomas' secretary and servant. When asked if Captain Ben Parker of the German emperor's yacht Meteor would come over to assist in sailing the Shamrock, he replied:

"No, not that I at present know of."

Sir Thomas wore a yachting uniform, with a yachting cap. He is very tall and well bronzed in complexion.

The Shamrock All Ready For Trials.

NEW YORK, Sept. 2.—Captain Archie Hogarth, the Shamrock's sailing master, and his assistant, Captain Wringe, have timed their work so well that the yacht, which arrived on Friday, Aug. 18, after an ocean passage of some 14 days from the Clyde, was ready, in her racing rig and in a new coat of green paint, to receive her owner, Sir Thomas Lipton, and her designer, William Fife. The Shamrock did not leave her anchorage yesterday, some of the crew being engaged in painting her deck, or rather the canvas which covers the steel deck. Others of the crew painted the yacht's hull, and during the afternoon all hands were put to work scraping and cleaning the spare spars stored on board the lighter Ulster, the latest acquisition to the Lipton fleet, including a 100 foot Oregon pine mast, which is wrapped in burlaps, there are no less than 14 spare spars on the Ulster.

TRADE IS GOOD.

Dun's Review Says There Were Few Failures Last Month.

NEW YORK, Sept. 2.—R. G. Dun & Co.'s weekly review of trade says:

August failures were smaller in number than for any other month in six years excepting May and July of this year and smaller in amount than for any other month excepting May, June and July of this year. It happened that those months were exceptionally free from the large failures which come with little dependence on the existing state of business. In manufactures August failures were the smallest in any month excepting May of this year, and neither in that branch nor in trading was there sign of any weakness in any branch of business. In all important branches of both, clothing stores possibly excepted, the absence of large failures was particularly significant. But if failures are few the volume of solvent business is heavy, with August clearings 24 per cent larger than last year and 55.4 per cent larger than in 1892.

The astonishing feature is the magnitude of demand, notwithstanding prices which would ordinarily check it. In products directly consumed by individuals the larger employment and better wages of the working force give explanation. Efforts to meet the demand call for more stores, manufacturing works and machinery and facilities for transportation, as if every man's wages were in part diverted to build up the nation's machinery of manufacturing and distribution. The occasion promises quick profits, the building up is largely for the future, and it goes on in spite of unusual prices.

On Behalf of Guerin.

PARIS, Sept. 2.—Cardinal Richard, archbishop of Paris, paid a visit to the premier, M. Waldeck-Rousseau, on behalf of M. Jules Guerin, the anti-Semite agitator, and his companions, now besieged in the headquarters of the Anti-Semite league, on the Rue de Chabrol, and urged a peaceful solution of the difficulty. The premier, while expressing his sense of the value that attached to the visit of the cardinal on such an errand, said the government must take counsel of itself alone in settling the present crisis. "We have shown great patience," M. Waldeck-Rousseau declared, "but all those who respect justice will hold that the law must prevail."

Christian and Missionary Alliance.

NYACK, N. Y., Sept. 2.—The third annual convention of the Christian and Missionary alliance opened here with a large attendance. Instead of opening the convention in the Tabernacle on the heights the first service was held last evening in a large gospel tent on Lower Hillside avenue, so that people of this region could attend without climbing the long hill. Rev. A. B. Simpson officiated at the opening session at 7:30 and made the address of welcome. He was followed by Rev. Dr. John Robertson of Glasgow and Rev. D. W. Lelacheur, a missionary from China. The meeting will be held in the Tabernacle today.

Big Deal In Iron Mines.

LANCASTER, Pa., Sept. 2.—C. Ross Grubb and Horace L. Haldeman have sold to C. R. Baird & Co. of Philadelphia their two iron furnaces at Chickies, near here. The price is stated to be $225,000. The terms embrace the right to operate the famous mines at Cornwall. Both furnaces will be put in blast as soon as repairs can be made.

Not a Poor Man's Country.

WASHINGTON, Sept. 2.—Consul McCook, at Dawson City, reports to the state department, under date of July 8, that no less than 2,000 persons have gone down the Yukon from that place within a month bound in most part for the Cape Nome goldfields. He says that "the poor man's chance, so far as this country is concerned, is gone."

Heavy Rains In Porto Rico.

PONCE, Island of Porto Rico, Sept. 2.—Heavy rains have caused an unusual freshet, and the people, frightened on account of the recent hurricane, are leaving their houses and are being quartered in the public buildings. The soldiers, police and firemen work all night. The fords are impassable, but no further serious damage has been done.

MAY FORCE A FIGHT.

Boers Fear Britain Is Anxious to Have War.

CONFERENCE AT CAPE TOWN REFUSED

Herr Fischer, Special Envoy of the Orange Free State, at Pretoria. Colonel Macdonald to Go to South Africa.

PRETORIA, South African Republic, Sept. 2.—A British official dispatch just received states that there are other matters of difference between England and the Transvaal requiring settlement; that the granting of the franchises to the uitlanders will not satisfy the whole of England's demands.

The receipt of this dispatch had led to renewed fears that the British government intends to force hostilities in any event and that war is near and inevitable.

The executive has submitted to the volksraad, in secret session, the draft of a reply to Secretary Chamberlain. Mr. Chamberlain's invitation to a conference at Cape Town is refused.

The volksraad has deferred the discussion of the correspondence exchanged between the imperial and Transvaal governments until Monday, when a motion regarding the presence of British troops on the Transvaal border will be debated secretly.

Herr Fischer, the special envoy of the Orange Free State, has arrived here from Bloemfontein and is consulting with the government on the situation. Herr Fischer was present at the secret session of the volksraad last night, a circumstance that caused a great deal of curiosity. Large crowds gathered around the building, anxious to learn the latest news. President Kruger remained with the executive until a late hour discussing the situation. An influential section of the Africanders here wired to Herr Hofmeyr, leader of the Africander party in Cape Colony, to come to Pretoria immediately.

THE OFFICIAL DISPATCHES.

The Proposals Which Have Passed Between the Boers and England.

LONDON, Sept. 2.—The secretary of state for the colonies, Mr. Joseph Chamberlain, has issued the text of the Transvaal dispatches of Aug. 19 and Aug. 21 and of the reply of the imperial government on Aug. 28. The publication is accompanied by a note emphasizing the advisability of making the correct version known owing to the fact that an incorrect version has been published in Pretoria.

The Transvaal dispatch of Aug. 19 contains the proposals regarding the franchise which go upon the assumption that Great Britain will agree that the present intervention does not constitute a precedent and will allow the suzerainty question to drop tacitly. The dispatch of Aug. 21 makes the proposed concessions expressly conditional upon Great Britain's undertaking not to interfere in the future affairs of the Transvaal, not to insist upon a further assertion of the existence of suzerainty and to agree to arbitration.

The reply of the imperial government, dated Aug. 28, declares that Great Britain considers that the proposals, put forward as alternative to those of July 31, assume the adoption in principle of a franchise which will secure immediate representation.

With respect to intervention, the imperial note says that the government cannot debar themselves from their rights under the conventions nor divest themselves of the obligations of a civilized power to protect its subjects abroad from injustice.

The note concludes by reminding the Transvaal that other matters exist which the grant of a political franchise will not settle and which are not the proper subjects of arbitration. These, the note declares, it will be necessary to settle concurrently with the questions already under discussion, and they will form, with the question of arbitration, proper subjects for the proposed Cape Town conference.

The Pretoria version of the imperial reply was that Mr. Chamberlain was unable to consider the Transvaal's proposals as an alternative to a joint commission of inquiry.

Owners Don't Want to Sell.

FALL RIVER, Mass., Sept. 2.—At a meeting of the Cotton Manufacturers' association held here Dr. R. T. Davis, C. H. Chace, E. E. Hathaway, J. D. Flint and R. B. Borden were appointed a committee to communicate with Nelson H. Greene of New York, who has approached the manufacturers of this city in an endeavor to buy the cotton mills for a syndicate, to find out his plans and ascertain his financial standing. The committee will probably go to New York. There is an expressed determination among many manufacturers, in spite of this action, to sell to no trust at all, but to keep the properties under local control and by placing the product in the hands of the selling committee continue the present Fall River combination.

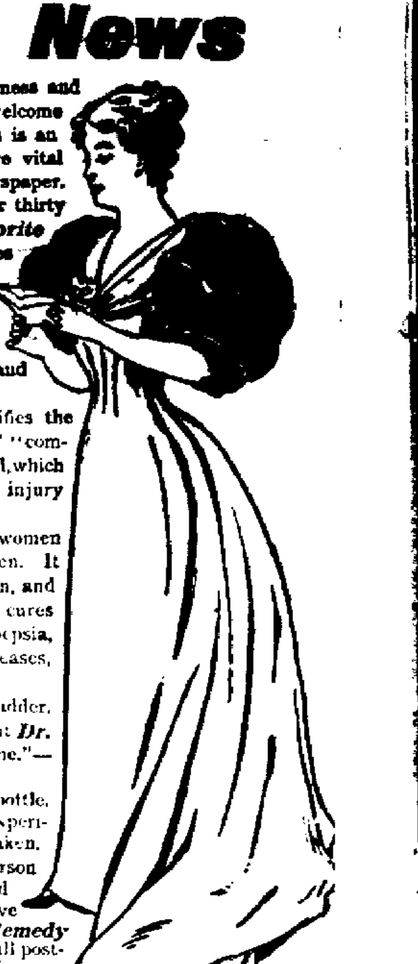
The Alaska Boundary Question.

WASHINGTON, Sept. 2.—The negotiations that are now in progress looking to a modus vivendi for the definition temporarily of a boundary line between Alaska and the British Northwestern Territories are proceeding upon the same lines practically as those which figured in the negotiations in which Mr. Choate took part. That is, the United States holds firmly to the contention that the village of Kluckwan shall be regarded as on the American side of the line. No effort is being made to reach a permanent arrangement at present.

It is not necessary for the Chilton Paint Company to obtain letters of recommendation, on the "patent medicine" order of business, because to any one and every one who has ever used Chilton Paint, it refers. A painter who desires to do good work will put Chilton paint upon a dry surface and brush it out well. Often times one coat will do as much work as two of ordinary paint. If the shade of paint now on your house is satisfactory, and you wish only to brighten it up and protect the wood, select the nearest shade of Chilton Paint to what you now have, put on one coat and you will be surprised to see how little it takes and how cheaply the whole thing can be accomplished.

If your dealer will not furnish it, write direct to the CHILTON MANUFACTURING CO., 60 Cortland street, New York city, for color cards and prices.

Welcome News



Any information that tells how sickness and disease can be overcome is the most welcome news a paper can print. Although this is an advertisement, it contains facts of more vital importance than anything else in this newspaper.

It tells of a medicine known for over thirty years as *Dr. David Kennedy's Favorite Remedy.* It is a medicine that purifies the Blood, and restores the Kidneys, Bladder and Urinary Organs to vigor and strength. Its principal ingredient is not alcohol. It does not ruin men's and women's lives by causing intoxication and fostering the appetite for strong drink.

Favorite Remedy cools and purifies the blood. It is not like the many "bitters," "compounds" and "tonics," now so widely sold, which heat and inflame the blood, doing more injury than good.

Favorite Remedy cures troubles of women just as certainly as it cures troubles of men. It restores the Liver to a healthy condition, and cures the worst cases of Constipation. It cures Scrofula, Salt Rheum, Rheumatism, Dyspepsia, all Kidney, Bladder and Urinary Diseases, Gravel, Diabetes and Bright's Disease.

"My complaint was Stone in the Bladder. Physicians said my case was hopeless, but *Dr. Kennedy's Favorite Remedy* cured me."—D. H. Hoag, Lebanon Springs, N. Y.

Sold in all drug stores for $1.00 a bottle. One teaspoonful is a dose, and you will experience relief long before first bottle is taken.

Sample Bottle Free! Every person troubled with any of the ailments mentioned above is offered a chance to try *Favorite Remedy* without any cost whatever. Send your full post-office address to the DR. DAVID KENNEDY CORPORATION, Rondout, N. Y., and a free sample will be sent you. Please say you saw the advertisement in this paper, so we may know your request is genuine.

A YOUNG MOTHER

flushed with perfect health and strength said, as she exhibited with pride her baby, "I must confess that my present health and the almost phenomenal development and good health of baby are due to the use of Pabst Malt Extract The "Best" Tonic The necessity of feeding the child was such a tax on me at first that I became nervous weak and exhausted "Best" Tonic was recommended I took it and began to build at once Baby began to show the effects within a week I continued its use for months until I went out into the country and neglected to take my tonic with me I lost fifteen pounds in six weeks and could scarcely feed baby Since returning some three weeks ago, I have again been taking "Best" Tonic I have gained six pounds and the little one is again progressing Just think he is nineteen months old, weighs 32 pounds, and I have not weaned him yet"

Let every mother apply this to her own experience and at least give the "Best" Tonic a trial if not for her own sake, for that of her child Let her provide for baby as nature says every mother should

To produce magnificent children was a supreme aim among the Greeks those lovers of perfection in those rigid athletic exercises which aggrandized the glory of the body For without a perfect body how can a babe at once begin to fight the battle of existence with conquering energy or how derive those elements of hardiness, pure blood calm nerves and bright mind, if the mother is not prepared helped and insured against too great weakness, given the right sustenance and kept in a position of ease happy thought, pleasing sensations and good sound slumber? Hundreds of children are puny, slow, with nerveless supine motions and unintelligent countenances because the mother was forced to put all her energies into the power to bear them without the strength besides to give them the vital flow of sturdy health Habitual use of Pabst Malt Extract The "Best" Tonic, makes rich and pure blood, strengthens the bones and muscles and adds to the development of the perfect form a glowing vitality in the mother which aids her not only to bear, but build

I have seen very good results from the prolonged use of your Malt Extract The Best Tonic and [illegible] preparation very [illegible] especially for nursing women
DR F [illegible] LAURICH
New York N Y

I find Pabst Malt Extract a very good tonic and have ordered several of my patients to get a case of it. I shall keep ordering it for my patients as long as I find it benefits them as much as it has.
F J HASTINGS M D
Boston Mass

My wife has begun to take Pabst Malt Extract and it seems to have benefited her already though she has not taken enough yet to expect any great improvement She has taken a great deal of malt and thinks that on the whole Pabst's is the best in reality as well as in name I shall surely prescribe The "Best" Tonic in cases where a malt extract is indicated

A rainy Saturday makes a big hole in the week's receipts of the average business man For one reason or another a great many people do most of their buying on Saturdays and if the day proves stormy the buying in many instances is not done This is true even of such apparent necessities as meat and groceries How it is managed butchers and grocers don't know but they are very certain of the fact And the strange thing is that a rainy Saturday is not necessarily followed by a big day's trade on Monday It is almost an axiom of business that when a day's trade is lost it is lost forever

Mr and Mrs Clarence Shaw of Wayne county are making a good thing out of that county's fair Last year for a substantial inducement they were married on the fair grounds Rev A Park Burgess tying the knot and Sereno E Payne who was a candidate for re-election to Congress won for himself great applause and it is to be hoped many votes by kissing the bride This year Mr and Mrs Shaw will be at the fair again having accepted an offer of the management to assist in the encouragement of agriculture by exhibiting themselves and their twin boys born last week, who in memory of the wedding day and apparently with an eye to this year's exhibition have been named Parke Burgess and Sereno Payne Shaw

A novel contest in which four clergymen were the contestants helped to enliven a rather slow church picnic which was held the other day at Camp L Clare in the Beaverkill valley It wasn't much of a race for three of the parsons were out of the contest almost as soon as it was begun but the event was greatly enjoyed because it was a novel thing for [illegible] people to see clergymen lay aside dignity black coats and white ties and get down to the level of common humanity

Large quantities of apples are being taken to the cider mills and distilleries in this vicinity and some of these establishments are likely to do the largest business they have done in years for although the crop of [illegible] hereabouts so far as good fruit is concerned [illegible] the ungrafted or native stock trees are well loaded and this fruit is now being taken to the places where cider and apple jack is made

Speaking of apple jack has it occurred to you that that liquor once so popular in this and adjacent counties has become very much of a back number There is very little sale for it in country taverns and the outside demand for it has become so much a thing of the past that the distiller who gets an order for a few gallons from New York counts himself more in luck than his predecessor of years ago for as many barrels Different theories are advanced for apple whiskey's loss of its hold on popular favor but the most reasonable one seems to be that distillers and hotel keepers killed the apple jack trade by [illegible] new apple whiskey [illegible] It suggests the [illegible] light [illegible] down the throat [illegible] addresses after [illegible] the stomach and stirs all sorts of crazy [illegible] in the brain It is not until it has been [illegible] and mellowed by age that apple jack is fit to drink but the [illegible] apple whiskey [illegible] costly [illegible] for country hotel [illegible] the raw [illegible] was [illegible] in a while [illegible] better [illegible] the product of Orange and Sussex distilleries

GOOD DREYFUS DAY

All the Witnesses but One In His Favor.

VERDICT IS EXPECTED NEXT WEEK

"Not Proved" Will Probably Be the Verdict—The Forces That Are Arrayed For and Against the Prisoner In France.

RENNES Sept 2—Yesterday was a very satisfactory day for Dreyfus The Beaurepaire witness Germain who was to prove that Dreyfus attended the Alsatian maneuvers found his statements denied by a reputable witness, while Germain himself, it was proved, underwent two convictions for swindling This was the only testimony against Dreyfus the remainder of the depositions being in his favor several of them being very weighty as in the cases of Captain Carvalho General Sebert and Major Hartmann their evidence going to show that particulars of the firing manual of the 120 gun and hydropneumatic brake were almost matters of common knowledge among the officers and that the contention that Dreyfus from his special position on the staff and peculiar movements could alone be acquainted with them has no solid basis This was the sum of the day's proceedings which were not marked by any incident of unusual interest

M Bertillon was severely snubbed by the presiding officer when he wished to reply to General Sebert who had condemned his system as fantastic As soon as General Sebert had finished his testimony M Bertillon bounced up and asked to be allowed to speak but Colonel Jouaust quickly turned to the usher and said "Bring the next witness" whereupon M Bertillon extremely annoyed returned to his seat

The witnesses will probably finish their testimony on Monday and the verdict is expected before the end of next week It looks as if the best the Dreyfusards can hope for is a compromise verdict of "not proved" which would leave the intimation that the evidence pointed to Dreyfus as the guilty man but was not sufficiently strong to convict him Such a verdict would clear the generals from the stigma of having basely and maliciously prosecuted Dreyfus and would save the honor of the army It would also give Dreyfus his liberty though his connection with the army would cease and might satisfy his friends so that they would be willing to leave it to time to vindicate the man

The political situation in France is such that most of the Dreyfusards admit that a free acquittal would be impossible It would not only mean the instant overthrow of the present ministry when the chambers met but probably of the present form of government Though for the present in control, the Dreyfusards are in a helpless minority and they know it They count upon

The socialists led by Jaures and the [illegible] the main strength of their support [illegible] the intellectuals men like Zola who have espoused the Dreyfus cause from an abstract sense of justice These include a few politicians and many editors The great majority of the newspapers of France however are strongly anti-Dreyfusard Also the Jews to a man with Reinach and others have supplied the ablest but most hated Dreyfus leaders and lastly the family and personal friends of the accused

Against Dreyfus are arrayed The army with Picquart the only known exception In the active list and reserve [illegible] the majority of the people of the nation Next comes the Church [illegible] strongly anti-Dreyfus [illegible] through fear of Jews and Protestants Third the great middle class of France who see only that the affair has hurt trade and that it drives the prestige of their idolized army down that Jews and socialists of whom they are naturally suspicious support Dreyfus Fourth [illegible] and [illegible] of anti-Semites professional patriots [illegible] agitators royalists and imperialists and the camp followers who attach themselves to the stronger party

The acquittal of Dreyfus is no longer a question of justice in France It is one of politics then of race and religion The three forces which are committed [illegible] because of all the summoned prejudices partisanship fanaticism and bigotry to their aid
